

Board Procedure 500.11: Cancellation and Delay

Students

College campuses may close on occasion due to weather or other emergency situations as authorized by the President or designee.

College delays or cancellations due to weather, utility shutdowns, or other serious conditions will be available via the District's website and social media, Emergency Notification System (ENS), or through local television and radio stations.

All students are automatically enrolled in the IVCCD Emergency Notification System. Changes to student phone information must be completed by submitting a Personal Information Change Form to the Registrar's office as soon as possible to ensure alert messages are received.

Students may elect to opt-out of receiving text messages from IVCCD ENS by texting "STOP" to any ENS message. Students cannot opt out of receiving ENS messages to their IVCCD student email account.
